THE German steamer Rio (Hongkong agents, Wieler and Co.) was towed to Hongkong by the Scottish Oriental steamship Phra Chom Klao last night, with tail-shaft broken. The Rio left Saigon for Hongkong on the 6th inst., and on the 8th she broke down. It was found that the shaft and stern-bushes were broken, no special reason being apparent. She was then about 30 miles east of Kiu-Hung and lay there for two days. Then, on the 10th, the P. C. Klao hove in sight and approached in answer to signals of distress. Towing was commenced without delay, and a little progress was made, when it was noticed that the hawser was in danger of wearing through at the Klao's end. After stopping to put something under the rope, the start was made too suddenly, and the cable parted. > Customs, Mesers Walpole, Blake, Miller, Clarkson, Graves, Parker, and Brammer, returned to Hongkong to-day by the Indo-China steamer Loksung from Shanghai, having left there on the 11th, which must have been almost immediately after their arrival from the south. It was reported on good authority, and was pretty well established, that they went north for war service, and that they at any rate understood, whether rightly or wroughy, that their pay was to be guaranteed by the Inspector-General. They now explain their return by saying that they were simply told they were not wanted and could go back to their Customs work; but who it was that told them, or in whose hands the matter rested, we cannot ascertain. We by the L. M. C. officials is that the men were simply transferred north on ordinary Customs business and are now morely transferred back, quite independently of the war. How far this would hold water does not perhaps matter much, now that they are back in their old positions.

DOUGLAS STEAMSHIP COMPANY, LIMITED.

The annual general meeting of shareholders in this Company was held at noon to-day, at the registered offices, Praya Central, Mr J. H. Lowis presiding. There were also present-Messrs D. R. Sassoon, C. J. Holliday, J. J. Keswick, (members of Consulting Committee), W. Parfitt, J. H Cox, G. T. Veitch, D. Gillies, S. S. Benjamin, H. Crawford, J. R. Michael, A. G. Wood, J. Meier, H. Hohnke, R. Lyall, J. C. Peter, and W. G. Winterburn.

The notice of meeting having been read, The Chairman said—Gentlemen, the report and accounts having been in your hands for several days, with your permission we will take them as read. There is very little to add to what is set forth in the report, but I may mention that the outbreak of plague caused considerable interference with our earnings in May and June, and to some extent in July. Since then, however, trade on the coast has much improved, and I trust it will continue to do so. There is another thing you have to That, such being the case, it would be consider, and that is the price of coal, which at present is ruling very high; we can only hope that the war between China and Japan will come to a close at an early date, in which case we should reasonably look for a reduction in the prices ruling for fuel. I do not think that there are any other points on which I need touch, but before moving the adoption of the report and accounts I shall be glad to answer any questions that shareholders may wish to put. There being no questions, the Chairman moved the adoption of the report and ac-

Mr Wood-I have much pleasure in seconding the motion. I think it must be That now we have got three months ahead very satisfactory to us all to have such a roport presented, and the manner of appropriating the profits is also highly satisfactory.

Mr Peter proposed the re-election of Mesors Sassoon, Holliday, and Keswick, the retiring members of the Consulting Committee.

Mr Veitch seconded.

Mr Gillies proposed the re-election of Mesers J. H. Cox and H. Lyall as auditors. Mr Crawford seconded.

Agreed. The Chairman-That concludes the business before the meeting, gentlemen, and I thank you for your attendance. Dividend warrants will be ready on Monday. On the motion of Mr Michael, a vote of thanks was accorded to the Chairman, Consulting Committee, and General Managera. The Chairman in acknowledging the compliment expressed the hope to meet again with equally satisfactory results next year. This concluded the proceedings.

HONGKONG CRICKET CLUB. The following report will be submitted to the members of the Hongkong Cricket Club at the annual meeting to be held on Monday

24th inst :-Gentlemen.—The Committee have the pleasure of presenting their annual report on the season 1893-1894.

The accounts which are attached show a balance of \$2.320.72 to the credit of the Club, on the 29th August, 1894. The usual list of members, with the That the actual outcome of the discussion batting and bowling averages for the season is annexed. It will be seen that the batting average list is headed by Mr C. Taylor, R.N. and Dr J. A. Lowson with 47.50 and 33.00 respectively; whilst Dr J A. Lowson was also most successful with the ball, taking 78 wickets at a cost of 11.56 per wicket.

Scores of over 100 were made as follows: -Mr F. Maitland 112, Dr J. A. Lowson 108 and 109, Mr C. G. Taylor, B.N. 107 and 116 not out. Mr B. E. M. Waters, R N. 112 not out. Captain Dumbleton, R.E. 110 and Mr Ross Thomson 100.

In response to an invitation from Kobe six members of the Club journeyed North to take part (in conjunction with a contingent from Shanghai) in the Kobe Oricket Week. An interesting match China v. Japan was played, the China team being composed of an equal number of members from the Hongkong and Shanghai Cricket Clubs. The match, which was interfered with to some extent by rain, resulted in a drawn game. The heartiest thanks of the Club are due to the Kobe Cricket Club and Community for the extremely hospitable reception given to our representatives.

The Club played 14 matches, of which seven were won, six lost, and one drawn, The Pavilion is in good repair and the ground is in capital order. The pitch has been partially relaid and the corner to the North West which is included in the ground by the new Reclamation scheme has been turfed and forms an acceptable addition to the size of the ground.

The depression which was to the E.S.E., and is now to the E.N.E. of Manila, is increasing in force. Probably it will enter the Northern Provinces of Luzon to-night. It seems to have taken a direction from S.E. to N.W. Do not know if it will change direction on entering the island or the China Sea.

'FRAGRANT WATERS' MURMUR That it seems to me you people in Hongkong have been trading on the feelings and beliefs of the people just a little too long, and had better give it up.

That I read in our respectable-nothing if not respectable-morning contemporary that a certain Shanghai journalist had communicated to the respectable 'Frisco Examiner an account of the burning of Taipingshan district.

That this event is distinctly stated to have taken place 'last week,' and as the letter is dated Hongkong, 15th June, it is over three months now since the bothering district has been reduced to ashes.

interesting to know why so much pother is now being made about the condemned district.

That here we have the Hon. C. P. Chater on the one hand, and the Permanent Committee on the other, talking in contrary fashion about the advisability of burning or demolishing the district, while the whole affair has been satisfactorily settled by the Shanghai journalist, dating from Hongkong, 15th day of June.

of that date, and the same old fight is going on, whether the condemned district ! is to be destroyed or not.

That it is now an open question whether the Shanghai journalist was not quite right after all, and the Taipingshan District ought to have been burnt up on the date named.

That, as a matter of fact, there is no disputing the contention that Taipingshan has not yet been 'purified' by fire.

That it would have saved a great deal of trouble if it had been accidentally 'removed'-only the various insurance agencies might have objected to pay for what the ratepayers now will have to
